

Clinical Research Studies on Hyperbaric Oxygen Therapy for Idiopathic Sudden Sensorineural Hearing Loss

The statements and information in this document have not been evaluated by the FDA. Studies, claims, and any other information provided in these documents by Holistic Hyperbarics are intended for educational purposes only and are not meant to prescribe treatment. Protocol and results of hyperbaric oxygen therapy have not been verified by the FDA and should be discussed with a medical doctor before beginning treatment. All patient testimonials and quotes are genuine and typical but results may vary.
